# Quick Scan Provinciale Democratie

Provincie Noord-Holland

**DEMOCRATIE**  
*in actie*

Datum: 6 juli 2021

# Leeswijzer

Hieronder staan voor elke vraag de uitkomsten per antwoordcategorie per groep. De kolom 'Aantal' betreft het totaal aantal respondenten per groep. Vetgedrukt is de uitkomst van uw provincie. Tussen haakjes wordt steeds ook de gemiddelde uitkomst gepresenteerd van alle provincies die eerder aan de scan deelnamen.

Die gemiddelde uitkomsten zijn bedoeld om uw uitkomsten alvast wat context te geven. Het is een referentiecijfer, maar zeker geen norm of streefcijfer! Als de uitkomst op een vraag of thema in uw provincie positiever is dan gemiddeld, kan het nog steeds van groot belang zijn om er toch mee verder te gaan. En omgekeerd, als uw uitkomsten negatiever zijn, is het niet op voorhand gezegd dat u daarmee aan de slag moet. Bepaal eerst hoe urgent het is, en welke zaken prioriteit krijgen. Het is aan u gezamenlijk om betekenis te geven aan de uitkomsten voor uw provincie en te bepalen op welke punten het beter kan of moet.
